Matheshwaran N

Cloud & Systems Engineer | M.Sc. Data Science

Location: Chennai, India | Email: matheshwaran.n@gmail.com | GitHub: github.com/mathesh-cpu

Specializing in resilient cloud infrastructure, Linux system reliability,
container orchestration, and real-time observability.

Featured Project: Resilient Cloud Architecture & Automated Disaster Recovery
- Multi-tier containerized production app on AWS EC2
- Tuned virtual swap and swappiness eliminating MySQL OOM terminations
- Enforced IMDSv2 IAM Instance Profiles, eliminating static access keys
- Automated disaster recovery drill with sub-5-minute RTO and 100% data integrity
